

Title: Podcast ICS
Location: Local (ICS)
Instructor(s): Randy Huberman
Capacity: Unlimited
Eligibility: Grades 6-12
Dates: 5/18/2019, and 5/20/2019 through 5/24/2019
<p>Cost and Payment Information:</p> <p>Minimal - the only anticipated costs will be for lunch.</p>
<p>Program Description and Location:</p> <p>Students will write, host, produce, and record 10 or 11 one-hour podcast episodes to be released each month of the 2019-2020 school year. They will be organized around a topic that the students will have part in choosing. Examples for topics could be local history, social justice, _____ History Month, etc. Students will be arranged into “episode” teams consisting of on-air talent, engineers, producers, and copy editors. We would write and prep through the year and use the Focus Week to record and master. Also, if a group wants to interview someone, they could schedule the interview during Focus Week.</p>
<p>Itinerary:</p> <p>All day symposium on the 18th, to teach technical skills, schedule recording, and tie up any loose ends.</p> <p>The other five days, we will run on the school schedule (7:30 – 2:05), and record and master. While students are not recording, mastering, or finalizing their copy, we will be working on marketing and roll out.</p>
