

ICS Graduation Requirements vs College Admission Requirements Class of 2020+

Subject	Minimum Requirements for ICS Graduation (24 credits)	Minimum Requirements for Public, Four-Year Colleges/ Universities*	Recommended Courses for Selective Private Colleges/ Universities*
English (Humanities 3-6)	4 credits	4 credits	4 credits
Math (Minimum Alg. 1, Geo, and Alg. 2)	3 credits	3 credits (additional senior year math-based course may be required or recommended)	4 credits (senior year math-based course often required or recommended)
Science (Bio, Chem, Physics)	3 credits	2 credits of Lab Science	3-4 credits
Social Studies (International Studies 3-6)	4 credits	3 credits	3 credits
World Language (through Spanish 4)	2 credits during high school	2 credits (of the same language)	2-4 credits (of the same language)
Art (through Art 4 + elective options)	3 credits	1 credit	2 credits
Health and P.E.	1.5 credits: Waived w/P.E. Exam or Fitness Plan 0.5 credits: Health	<p>*The minimum and recommended requirements for colleges/universities serve as a guideline for the average courses that schools look for. This list <u>should not</u> be used as a one size fits all and students should be diligent about checking into each institution specifically.</p>	
Occupational Education (CTE)	1 credit		
<p><i>Once the above requirements are completed, all other classes become elective credit towards the 24-credit minimum. Students at ICS may graduate with more than 24 credits.*</i></p> <p><i>In addition to credits, students must complete district and state graduation requirements. These can be found on a student's transcript. (I.e. High School and Beyond Plan, Washington State Studies, Standardized Testing, etc.).</i></p>
